**THE ZANUSSI ULTRA
RANGE CAN SAVE THE
AVERAGE BRITISH
HOUSEHOLD UP TO £340
A YEAR ON ENERGY BILLS**

WHAT CAN A CUSTOMER SAVE WITH A ZANUSSI BOILER?

Upgrading an old boiler without controls, to a new condensing boiler with a programmer, room thermostat and thermostatic radiator controls (TRVs) could save you:

England. Scotland and Wales

OLD BOILER RATING	SEMI DETACHED HOUSE	DETACHED HOUSE	DETACHED BUNGALOW	MID TERRACE HOUSE	MID FLOOR FLAT
G (< 70%)	£340	£570	£290	£280	£145
F (70 - 74%)	£255	£430	£215	£210	£105
E (74 - 78%)	£215	£360	£180	£175	£90
D (78 - 82%)	£175	£300	£145	£145	£70

These are estimated figures based on a new Zanussi condensing boiler with a programmer, room thermostat and thermostatic radiator controls (TRVs) in a gas-heated home as opposed to an older boiler without controls. Savings will vary depending on the size and thermal performance of your home.

ZANUSSI BOILER ULTRA, ULTRA, ULTRA. EASY!

ULTRA PRICE

- ✓ One of our friendly heat-surveyors will visit you at your home to carry out a short, no-obligation survey on the efficiency of your current heating system and the options available. Our mission is to deliver the best system for you for the best price.

ULTRA SERVICE

- ✓ After your home heating survey an Installation Manager will visit your home as part of our service. During this 1 hour visit we will assess your home to ensure the system is installed with minimum disruption and to ensure the process runs smoothly

ULTRA CARE

- ✓ Upgrade your Zanussi Ultra Boiler with our *Ultra Warranty Package (parts and labour) and rest assured for 10 years.

* Subject to annual maintenance by an approved Zanussi Boiler engineer

BOILERS

**YOUR BOILER
CONTROLS
60% OF YOUR
ENERGY BILL.**

**SO
SHOULDN'T
IT HELP
YOU SAVE?**

- ✓ The Nest Thermostat has saved over 4 billion kWh of energy in millions of homes worldwide.
- ✓ It learns from you. It gets to know the temperature you like when you're at home. And turns itself down when you're away.
- ✓ It even learns how your home warms up or how draughty it is, so it only uses the energy it needs. That's how the Nest Thermostat saves energy.

WHY CHOOSE A ZANUSSI BOILER?

- ✓ Our Zanussi boiler is 93% efficient
- ✓ It is manufactured right here in the UK
- ✓ Up to 10 year parts and labour warranty available
- ✓ Recent awards include 'The Queens Award For Enterprise' in 2013 and being voted best boiler on Product Of The Year in 2014.
